

# Srinath Reddy

## Software Engineer

A seasoned Full Stack Developer with 3 years of hands-on experience in Node.js and MongoDB, coupled with a good understanding of React. In the past two years, I've had the privilege of working on a variety of projects where I've leveraged my expertise in Node.js to design and implementing RESTful APIs. My proficiency in MongoDB ensures efficient database management, allowing for seamless data retrieval and storage.

## SKILLS

Express JS

MongoDb

React

JavaScript

CSS

HTML

Python

## LANGUAGES

English

Full Professional Proficiency

Telugu

Native or Bilingual Proficiency

Hindi

Professional Working Proficiency

## INTERESTS

Playing cricket

listening music

## WORK EXPERIENCE

### Software Developer

#### Iconcept software services private limited

02/2022 - Present

Hyderabad

Used Technologies : Express with Typescript, Mongodb

##### Achievements/Tasks

- Created **REST APIs** for comprehensive **analytics and widget dashboard** tailored for sales and marketing teams, facilitating data-driven decision-making and performance tracking.
- Enhanced system efficiency by **reducing API response time** by **15-20 percent**, resulting in a significant improvement in overall performance.
- Implemented **role-based data visibility and approval hierarchies** for various levels, including Territory Managers (TM), Region Managers (RM), and Zone Managers (ZM), ensuring secure access and streamlined approval processes.
- Streamlined **aggregate query** optimization, leading to a noteworthy **18 percent reduction** in overall processing time.
- Developed functionality to handle email communication, **export data to Excel** format, and facilitate **file uploads**, enhancing the overall versatility and efficiency of the application.
- Implemented **caching strategy** for efficient data storage and retrieval, optimizing system performance and response times
- Incorporated a robust **logging system** within the application to track and analyze events, ensuring effective monitoring and troubleshooting capabilities.
- Collaborated with cross-functional teams to understand project requirements, ensuring seamless integration of APIs and functionalities.
- Demonstrated strong problem-solving skills by overcoming challenges in API integrations and ensuring smooth communication between various systems.

## EDUCATION

### Full-Stack Developer Bootcamp

#### 10x Academy

06/2021 - 01/2022

##### Courses

- A full stack web development course covering both the frontend (React.js) and backend (Node.js, Express.js) aspects, as well as the database (MongoDB)
- Learned HTML, CSS, and JavaScript alongside the MERN stack is foundational base for full-stack web development.
- Daily Practicing of Data Structures and Algorithms (DSA) to develop strong problem-solving skills.

### B.Tech

#### National Institute of Technology Raipur

06/2016 - 07/2020

7.64 CPI
